exotic

Be wild and free. Create exciting, mysterious places with the colours of ochre dust, Serengeti grasses and a lion's mane. Add sinuous, sculptural forms and rich, oiled woods. And the flash of white, like lightning on the plain. Explore uncharted territory with an organic, primal palette that lets you dance to your own beat.

earthy

Take it alfresco. Rustic and gregarious, this is a palette of ancient, baked stone and crushed grapes, of rugged, sun-tanned hands kneading dough on Siena linen, and the smell of cypress and sage on the wind. It's an embrace of Old World warmth... a feeling as delicious as a drizzle of golden amber honey on reggiano.

entrancing

Be mesmerized. Imagine a deep ruby silk dress with an amethyst pashmina, light as a hummingbird. Dream of arabesques, arches and India ink. Revel in intense opulence, iridescent threads, the sheen of brushed silver. Pungent, sultry and saturated, this is a palette as heady as jasmine under a full eastern moon.

exhilarating

Let them eat cake. Banish neutrality with a palette as richly flamboyant as Louis himself. Dare these deep colours with the boldness and allure of a Paris runway, accessorized with satin damask, sapphire and burnished gold. Use lighting for dramatic effect. Startling and luxurious, this is designing with unbridled passion. Magnifique!
