Turn it on. Flirty as a Pucci bikini in Miami Beach, these are full-on, ultra-hip and happy, let 'em stare colours. They're dying to mingle, so use three or four for fabrics and accessories. Layer with a fresh sweep of white, and take the plunge—accent with a sea blue wall. (And something cool to drink... preferably pink.)

sunburst

Bask. Think floaty, flowery top and white capris, juicy mango for breakfast and a view on the bay. Drench your room in the tropical punch of citrus, add the warm, lush textures of bamboo, raffia and raw cotton. You'll wake up every morning with the sun on your face. These heat-saturated, calypso colours bring the islands home.

Make a splash. A young, fresh palette as playful as tropical fish, these are the colours of flip-flops and rubber pails and the flash of sunlight through the water... an instant holiday, as carefree as they come. Let your imagination run free as a kid on a beach. Because everyone needs a sunny, fun-filled place to play and play all day.

Drift away. Choose a palette reminiscent of the lightest linen dress on smooth, tanned skin. Digging your toes into warm, brown sugar sand. Blue skies that go on forever. The salt in the wind off the sea. Add a juicy burst of persimmon and you have an oasis, a place to abandon the everyday. This is sheer heaven.
