

Add colour! Add beauty! Add years!

ALKYD ANTI-RUST PAINT FOR METAL ONLY

METALGUARD™

SUPER RESISTANT • DURABLE

SUPERIOR ADHESION • HIGH HIDING

FOR EXTERIOR AND INTERIOR USE

FEATURES

- High-quality gloss alkyd fortified with polyurethane
- Serves as both primer and finish coat

USES

- For metal: iron, steel, cast iron, copper, aluminum, primed galvanized steel, etc.
- Use on: roofs, furniture, doors, windows, fences, swings, stairs, ramps, toys, tools, machinery, ornamental iron, pipes, fire hydrants, etc.

SURFACE PREPARATION

- Surface must be clean, dry and free from dust, oil, grease, wax, salts, loose rust or loose paint
- Sand glossy surfaces

- Remove flaking paint or loose rust with a scraper or wire brush
- Ferrous metal and rusted galvanized metal: no primer required
- Non-rusted galvanized metal or aluminum: use latex primer for galvanized metal
- Over severely rusted surfaces apply a primer (Metalguard P591-97) for additional protection

APPLICATION

- Ready to use
- Apply with brush, roller or spray

DRYING TIME

- 4 to 6 hours
- Let dry 16 hours between coats

COVERAGE

- 3.78 litres covers approximately 40-48 square metres (440-520 sq. ft.)

MORE THAN 1,000 ADDITIONAL COLOURS AVAILABLE!
